General

When I try to launch OfficePool I am getting the following error message/dialog:

"OfficePool 2018" can't be opened because it is from an unidentified developer. Your security preferences allow installation of only apps from the App Store and identified developers.

How do I fix this?

Go to System Preferences, select "Security and Privacy", "General" tab and select the "Open Anyway" button

Security & Privacy	Q Search
General FileVault Firewall Privacy	
A login password has been set for this user Change Password)
Require password 5 seconds after sleep or screen save	ver begins
Show a message when the screen is locked Set Lock Messa Allow your Apple Watch to unlock your Mac	ige
Allow apps downloaded from: App Store • App Store and identified developers	
"OfficePool 2018" was blocked from opening because it is not from an identified developer.	Open Anyway
Click the lock to make changes.	Advanced ?
