

# How To's

## How do I add OPS (On-base percentage + Slugging) to an overall report?

NOTE: OPS = OBP + SLG

For an overall report, the following would be put in the Result field (edit report mode, add new field):

$$\frac{(\text{sum}(\text{s.Single} + \text{s.Double} + \text{s.Triple} + \text{s.HomeRun} + \text{s.Walks} + \text{s.HitByPitch}) * 1.0 / \text{sum}(\text{s.Plate})) + ((\text{sum}(\text{s.Single}) + 2 * \text{sum}(\text{s.Double}) + 3 * \text{sum}(\text{s.Triple}) + 4 * \text{sum}(\text{s.HomeRun})) * 1.0 / \text{sum}(\text{s.Plate} - \text{s.Walks} - \text{s.HitByPitch} - \text{s.Sacrifice}))}{1}$$

You also want to make sure the Format is: #0.000

Unique solution ID: #1005
